How to Use This Index

The *Law Reporter* Annual Index is designed to make your 1997 issues of the *Law Reporter* a reliable and accessible research tool. Here are a few things you should know to make the best use of your index:

General Index by Subject (page LR-3). The major subject headings in the General Index correspond to the areas of law covered in each issue of the *Law Reporter*.

To locate a particular kind of case, first determine which area your inquiry falls into. Entries within each subject include both factual and legal issues. The numbers after the entries are the page numbers in Volume 40 of the *Law Reporter* where the cases appear.

Table of Cases (page LR-18). This table includes the most complete citations available as of November 1997.

Injury Awards (page LR-36). Entries in this section will direct you to cases in the *Law Reporter* that contain awards of damages for particular types of injuries. The following abbreviations are used in this section of the index: V for verdict; S for settlement; SS for structured settlement; PVS for postverdict settlement; AA for arbitration award; M for mediation. An asterisk beside an award indicates plaintiff suffered injuries in addition to the one(s) listed.

Wrongful Death Awards (page LR-38). This table lists the wrongful death awards reported in Volume 40 of the *Law Reporter*. The following abbreviations are used in this section of the index: V for verdict; S for settlement; SS for structured settlement; PVS for postverdict settlement; AA for arbitration award; M for mediation.

Offerings by Topic (page LR-39). To order, see the form at the back of this issue.

To Obtain Further Information About a Case. The best source for additional information about a case is plaintiff's counsel. The name and city of the plaintiff's counsel involved in a case are provided, where possible, at the end of our report of the case. Your ATLA membership directory will provide you with the complete address and telephone number of any ATLA member.

The *Law Reporter* provides pleadings, court documents, and briefs through the "Offerings" column each month. That column also provides a list of Case Summary Surveys—collections of case summaries appearing in the *Reporter* from 1988 to the present. Also available are Ultimate Offerings—comprehensive research packages that include documents, case reports, and bylined articles on a specific topic. To order, fill out the form at the back of this issue.

Binders. Blue three-ring binders for convenient storage of your issues and index are available for \$30, postpaid.
